

EDUCATOR'S COMMITMENT AGREEMENT

I recognise that the **Pavement Project's** biblical resource is an effective way of bringing healing and restoration, through the combined action of the Holy Spirit, to children, adolescents and young people in situations of vulnerability and social risk, who have suffered emotional trauma.

I commit to regularly using the Green Bag app in my organisation (at least four children per month), following good practice and appropriate conduct with regard to the child and adolescent protection policy described in **Pavement Project** Code of Conduct for the Protection of Children and Adolescents.

I take responsibility for sending the Counselling Records to the **Pavement Project** and, if I download or print them, I undertake to file them in such a way as to protect the children, preserve the integrity of the programme, and facilitate the preparation of the organisation's Quarterly Reports. I also undertake to monitor the progress of the children I advise.

I am fully aware that the Green Bag application is made available by **Pavement Project** to the partner organisation for the exclusive use of the trained and certified educator. Therefore, I am responsible to the organisation for not allowing other people to have access to the app, for keeping the resources of the **Pavement Project** in good condition, and for using the app as instructed in the training.

I understand that if I use the Green Bag *app* in an inappropriate way, the information will be passed on to **Pavement Project** and I will be prevented from giving advice. And that failure to provide advice without justification for 6 months will result in my login becoming inactive.

I undertake to continue learning through study and practice, and to ask questions of a member of the Pavement Project **team**.
